PREFACE

IN presenting the Fifty-Eighth Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 72,589. Wives' names approximate 29,500 making a grand total of 102,089 names in this section of the Directory.

The Street Directory shows some 41,000 listings including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 160,972, an increase over last year of 2,802.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities who are employed in Hamilton, these names approximate 2,600, so the residential and working population of Greater Hamilton is 162,372.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

SPEND and SAVE

at the same time!

One of the paradoxical things about ownership of good life insurance is that it enables a man to spend more freely.

FIRST, satisfy yourself in your own mind that you have made proper provision for your family and for your own later years—

THEN, with a clear conscience you can spend the rest of your income as you go along and enjoy life to the utmost.

"The Letter is the
Greatest Force in Business"

That's what one business veteran, John Howie Wright, thinks of letters. And he is in position to speak from experience for he has used them for years. They have helped him sell goods – helped him help his salesmen to sell goods – and have built good will.

Letters will do the same for you and your business. Perhaps writing a letter may look like a task to you – just tell us what you want the letter to accomplish – and we will write one for your approval. The letters we write sell drugs, laundry service, boiler repairs – and even interior decorating. Anything that can be said about your goods or your service can be said on paper – effectively.

Then, if your list is large, you will probably want to utilize our "Letter Department," where letters come out looking like letters. We take pride in their appearance, because we appreciate its importance.

Hundreds of business men find our service good, quality second to none, and prices reasonable. If you have never enjoyed the cooperation we are able to give – a telephone call will bring a man to your desk.

Sincerely,

E. A. Jones, President,
